“ When you have a long long history with someone and they are among your dearest friends, it's hard to sum it up in words. How do you say goodbye after so many years and how do you picture Barb without Blakie. We will miss you my friend but we will forever remember the memories and the times that we shared.

“ Blakey, we will miss your smile, your laughter, but most of all love you because you made Aunt Barabara's life complete. I wish we lived closer together so I could have made more Butterhorns for you. We are so lucky to have you as part of the Masella family, and I'm so glad we got so see you in February. Rest in peace. “ After fifty years of friendship it's hard to get it through our heads that you are no longer with us. A lot of memories especially the summers you and Barb parked your coach here and we always managed to have a lot of laughs. When we would say goodbye I often wondered would we all be here another year to meet again. Never thought it would be you bailing on us Blakie, never. You will be sadly missed my friend and I thank the Lord that you were such an integral part of my life. Till we meet again, Rest In Peace.

“ Ever since I first met Blakey and Barbara they were nothing but kind and helpful. Blakey was very electronically savvy and she was always willing to show you how to use your electronics properly. She was always thoughtful whether she was opening up her back yard for an RV rally or opening up her home for a visit she always made you feel welcomed. She will be missed terribly, gone too soon. Blakey Rest in PEACE.

Love,

“ Dam you Blakey you weren't suppose to leave this earth before me. We met many years ago at Salisbury Beach ,Mass. I had just got my new Motor Home and you & Barb and your sweet little cinnamon were already camping there for the weekend, low and behold you came upon these 2 people out side of their rig . I was [me ] trying to plug a 30 amp. plug into a reg plug and that's how our friendship was made between the 4 of us. We started camping together, we went Cross Country together and i learned a lot from Blakey . I'm gonna miss you Blackey Love Lil

“ We will miss Blakey sooo much, she was like a Sister to us, as she was part of our Family for close to 50 years. Whenever we had a technical problem, Blakey was the one we called & she would help us solve it. She would always be so comical, having a way to make us laugh. We shared great times, camping at her home in Seekonk, Ma, camping at different meets, etc. She shared our 65th Wedding Anniversary Party in FI, last February. There are memories too numerous to mention. Blakey you left us too suddenly, we will always miss you. Always in our hearts, Never to be forgotten,  
Rest In Peace
