“ Keith had that New Jersey attitude that people back there are famous for- no nonsense on the outside and soft-hearted on the inside. Once on a promotional road trip he asked the United Airlines agent why our stage equipment did not make it from O'Hare to Seattle. It was like 20 below 0 in Chicago when we departed. The agent said, "God only knows", and Keith replied without missing a beat, "Is God running United Airlines today?". Always painfully honest and on point. That was Keith in a nutshell. RIP, Keith, you were a true original.

“ We sorely miss our spiritual brother and friend, Keith. He was beloved by the entire congregation. Keith was a humble and quiet man, known for his hospitality. He regularly allowed a small group of us to meet at his house once a week to accomplish our ministry. He also invited the same group over for social interaction. My sympathies to his beloved family; our hearts go out to you! May the fond memories of times past comfort you now. We are all encouraged by the hope of seeing Keith brought back to life on a Paradise Earth. This was his hope as well. “Your dead will live. My corpses will rise up. Awake and shout joyfully, You residents in the dust! For your dew is as the dew of the morning, And the earth will let those powerless in death come to life.” --Isaiah 26:19

“ Keith was always fun and outgoing. I didn't meet him until he retired. We had a tradition to go to this lovely French restaurant he knew by where he lived and always had great times. I have very fond memories of sitting around his pool with him and talking about many things. He was always very positive, very caring, and very loving. He talked much about his family up north and how much he loved them and how grateful he was for his nieces and nephews. I will miss him very much and always looked forward to our calls and talks. I will look forward to meeting him in the next life.
