“ Fourth grade class photo 1984-85 Walsingham Elementary, Pete Mahoney front and center.

This would be the first of many school years together, and friendship well into adulthood.

Though we've not been in contact for some years, myself & others associate Pete with great childhood memories, quick wit, a big heart and much laughter.

I've never forgotten our years in chorus, highschool hijinks & carefree, early twenties. Those memories have been shared through decades and will continue on for many more.

Rest in peace Pete. You were loved.

“ Please forgive the misspelling, autocorrect knew better.

“ I grew up with Peter, but hadn't seen him in at least 20 years, when I moved to California. We went to the same elementary, middle and high school. I have fond memories of us either chasing each other, riding bikes, getting into trouble or feeding the ducks at the pond. I believe the tree by the pond in Whispering Pines has “Peter + Jill” carved in it - by his doing. I'm saddened by the loss of my childhood buddy. My thoughts are with Mary and Peggy. May he Rest In Peace.

“ I am just shocked. It has been 20 plus years since I saw Peter. His mom used to pay me to do his math homework so he could pass math class and go to NY for the summer. I spent a lot of my childhood hanging out with Peggy and Peter. My heart goes out to Mary and Peggy.

“ I'm sorry that I didn't get to see Pete more than the few times I seen him in the last 2 years. I made him a promise to take him to Puerto Rico with me right before he passed I would like to still take a part of him with me. We used to love to surf together and he would like to be in the Caribbean just chilling. He was my best friend for a long time. Love you brother.
